MIS HISTORIC LEARNING CENTER

History

With war clouds looming between the US and Japan, the US Army recruited enlisted soldiers, many of them Japanese Americans, for language training as linguist soldiers in the Pacific War. The US Fourth Army Intelligence School opened on Nov. 1, 1941 in an abandoned airplane hangar on Crissy Field, Presidio of San Francisco. The first class secretly trained and lived on site.

Capacity

Lobby: 685 Sqft
